Inspireware

GRAF 2019 Conference

Who are we?

- We are a Social Enterprise
- It is our passion to uplift and empower education in rural areas
- Enhancing teachers' knowledge & capabilities and use of technology
- We provide the perfect solutions for rural usage and cost-effective maintenance.
- Distributor of interactive educational hardware and software teaching tools
- Sole distributors for South-Africa & Africa
- MICT SETA accredited & SACE endorsed Education and Training provider
- A one-stop-shop, ensuring success: We install, train, maintain, equip

Our Approach

Partner with Corporate South Africa – Corporate Social Investment budget

Work together on holistic outcome

Seek out rural and under-privileged schools in their area / province

Build a bespoke solution for the school

Support solar power installations where required

Support security measures where required

Install, train, equip & prepare teachers

Enhancing teachers' knowledge & capabilities and use of technology

Our focus is in rural areas where teachers are ill-equipped to cope with the curriculum, classes are large, and technology will change the landscape dramatically.

Donor Funded Projects

Eastern Cape

Walmer Secondary & Belugha Primary,
John Masize Primary, Walmer Primary

- Bespoke Solutions – Can be developed to suit specific needs

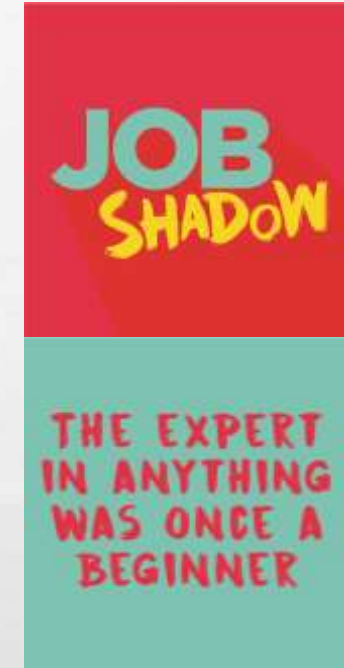

Introducing Job Shadow

A complimentary, student-focused initiative

The Challenge

High School students making poor tertiary study choices due to lack of knowledge and insight into available roles, what they do, and the world of work in general.

More roles and mentors needed

JOB SHADOW is the **only company** in South Africa to fulfil the urgent need for high school students to experience the world of work for a day, before determining their tertiary career choices.
