

ACCEPTANCE OF CHAIRMANSHIP OF THE GAMING REGULATORS AFRICA FORUM (GRAF)

Dear GRAF members

I assume the chair of GRAF under the auspices of the Lotteries and Gaming Board (Zimbabwe) with humility, enthusiasm and a sense of business.

GRAF has indeed proven to be a platform for sharing and exchanging vital regulatory intelligence and knowhow.

I am indebted to the immediate past Chairman, Mr Serobi Maja of the Limpopo Gambling Board (South Africa) for perseverance and leadership that has taken GRAF to another level including the participation of international resource persons and a key role in the global gaming organ, the International Association of Gaming Regulators (IAGR) where he has also resoundingly spearheaded African involvement. Accordingly, I look forward to a progressive mood by all member jurisdictions as I advance the footsteps of my predecessor Chairman, Maja for whom by these words and for his deeds I honour.

I aim and promise to preside GRAF with foresight for a buoyant future for member jurisdictions through collective determination and vigour to promote the ideals and objects of this august forum ensuring accomplishment of all resolutions.

This is my candid view of the GRAF ahead of us.

I thank you.

STEPHEN GWASIRA
CHAIRMAN
GAMING REGULATORS AFRICA FORUM

Victoria Falls, Zimbabwe

24 June 15
